Flood Relief 2018- Long Term
Juneau County

***Flood Relief 2018
Long Term
Juneau County***

About us

Flood Relief 2018 is made up of community members working together to fill the needs of our neighbors affected by the floods. We have been supported by The American Red Cross, Salvation Army, local city, town, and county officials, and Juneau County Emergency Management. We have also been generously supported by donations from Wal-mart, The Toro Company, Mill Haven Foods, Silver Star Health, Coca-Cola Company, Wesco in Sparta, Culver's, Lions Clubs, several churches, schools and also numerous private donations. These donations and offerings of support have allowed us to provide for the ongoing needs of our communities.

We have been able to help provide food, short and long term housing, clothing, beds and bedding, demolition assistance, mold removal, and city and riverway cleanup services. We have a contractor that assesses the homes and ensures they are safe for volunteers to enter and details what needs to be completed by the volunteer crews. Trained volunteers from UMCOR came in from 6 states to help to dispose of harmful flood deposits and to safely remove bacterial and mold from these residences.

We are currently working on applications for long term recovery teams to come and help with the rebuilding process.

A special thank you to The Ronald and Barbara Brunner Charitable Foundation for offering to match all funds raised by Oct 6.

What is Long Term Recovery?

Long Term Recovery is a process, up to three years, of working with families to rebuild their lives and homes after the Flood of 2018.

Trained Assessment Case Management Teams will evaluate each family's needs and present to the Grant Committee for approval.

Grant funds will be offered to primary residences that have documented needs.
